October 22, 2013

To Whom It May Concern:

The Association for Home and Hospice Care of North Carolina (AHHC) is a 41 year old non-profit trade association representing nearly 800 licensed agency members who in turn employ over 100,000 nurses, social workers, nurse aides and therapists who serve more than 400,000 patients a year.

AHHC engaged the services of Scott Carbonara at our recent Leadership Conference in Wrightsville Beach on October 7, 2013. Mr. Carbonara was extremely well received in both of the sessions he presented.

Here are a few comments we received from our attendees:

“Great speaker with meaningful and useful information.”

“Excellent and engaging speaker. Great way to open the Conference.”

“Awesome speaker. Would like to hear him again!”

AHHC is pleased to recommend Scott Carbonara and his collection of motivational materials. We believe he would be a very positive and dynamic influence for any organization interested optimizing staff performance and preparing emerging leaders for the challenging roles they will play. We appreciate your kind consideration of this letter of recommendation and encourage you to contact us if we can be of further service.

Sincerely,

Sherry Thomas
Sherry Thomas, BSN, MPH
Executive Vice President, AHHC
